2007 Commencement

Applause, cheers, tears and smiles were all part of Commencement exercises in front of Rosary Hall on a Sunday afternoon in May. Traditional and adult students from undergraduate and graduate programs shared the day with proud families. Dr. Henry C. Lee, one of the world's foremost forensic scientists, was the Commencement speaker and urged the new graduates to share their knowledge, strength and passion with others. "This country makes the impossible dream possible," he said. Representatives of the Class of 1957, this year's 50th Reunion class, took part in the traditional procession down Prospect Street and through the College's main gate to Rosary Hall.

President McNamara Delivers Eulogy of Former Chairman Robert F. Behan

Robert F. Behan, of Madison, Connecticut, a member of the College's Board of Trustees for more than two decades, including 13 years as chairman, died on April 24.

President Julia M. McNamara gave the eulogy in services at St. Margaret Church, noting that Behan personified an old Irish saying: "It's not every day that you will meet a man as grand as that man." He valued "the basic things that mean so much to each of us as human beings who seek to live moral, ethical lives in peace and harmony with ourselves, our significant others, and our colleagues in civil society," she said.

"Bob always embraced the concept of 'giving back' to the community and the concrete examples of this commitment are many. He brought to countless board room tables his personal spirit of dedication, quiet enthusiasm, and an extraordinary focus on mission and purpose so that his participation and influence always engaged the basic *raison d'être* of an organization. He got right down to the brass tacks that made it tick during thick and thin times. Very often, Bob came on board during the thin times, the rough patches that are so often part of the historical reality of dedicated service organizations. Once in, he went to work, and what is more important, he was willing to stay in, to

In September 2005, Robert F. Behan received an honorary degree from the College, presented by President Julia M. McNamara.

exercise his fiduciary duty and to see things through with his tireless service ethic and a sense of humor that usually kicked in just when it was needed...."

In September 2005 the College conferred upon Robert Behan the degree of Doctor of Humane Letters *honoris causa*. In presenting the degree, President McNamara said, "...through your vibrant volunteer service and your personal response to the duty of care, you are an exemplar of the spirit of those valiant persons who founded Albertus Magnus College...."

A graduate of Phillips Academy Andover, Bob Behan received a bachelor's degree from Yale University and an MBA from Columbia University. He retired as executive vice president of Connecticut Bank and Trust Company in 1991, after a 32-year career there. He served in volunteer leadership positions with many organizations in Greater New Haven, receiving numerous awards for community service and leadership.

Robert F. Behan was the husband of Patricia Sanders Behan '55 and the father of Carolyn Behan Kraus '86, the College's director of alumni relations and special events; the late Eleanor Goode Sanders, his mother-in-law, graduated from Albertus with the Class of 1929.

Salman Hamid Awarded National James Madison Fellowship

Albertus history major and 2007 graduate Salman Hamid has been awarded the prestigious James Madison Fellowship for Connecticut by the James Madison Memorial Fellowship Foundation of Washington, D.C.

The fellowship supports the further study of American history by college graduates who aspire to become teachers of American history, American government and social studies in the nation's secondary schools, and by experienced secondary school teachers of the same subjects. Hamid competed against applicants from each of the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, and the nation's island and trust territories. This year, the Fellowship Foundation awarded 57 fellowships.

Named in honor of the fourth president of the United States and acknowledged "Father of the Constitution and Bill of Rights," the fellowship will fund up to \$24,000 of Hamid's course of study toward a master's degree. The program must include a concentration of courses on the history and principles of the United States Constitution.

Hamid, who will attend Southern Connecticut State University, sees the fellowship as "a milestone in my life, not just for me but for my parents and professors." He came to the United States from Pakistan with his parents in 1989, when he was four.

"My parents wanted a proper education for me because they had only gone to high school. They labored and toiled to save every penny to put me in college, and I myself worked two jobs, took five courses a semester and ran a club."

He recalls that his parents were in tears when they learned that their son would be going to graduate school on a fellowship from a foundation created by an act of Congress.

"My desire for teaching is a product of being surrounded by teachers who always pushed me the extra mile. Even when my grades slumped in high school, it was my teachers who told me that I could only redeem myself in college. Professors at Albertus nurtured my love of learning, and I sprouted from a seed to a tree."

Dr. Robert J. Imholt, chair of the department of history and political science, notes that the Madison program attempts to foster "profound understanding of America's constitutional heritage," not just factual knowledge. Those who receive Madison fellowships, he says, will "engage in rigorous analysis of the origins of our national character so that they, and the students they will teach over the years, are better able to make the informed judgments that are vital to the health of a democratic system."

On June 14, Dr. Susan Letzler Cole, professor of English and director of the concentration in creative writing, read from her new book, "Missing Alice: In Search of a Mother's Voice," published this spring by Syracuse University Press, at a book signing held at the Teachers & Writers Collaborative in New York City. In this memoir, Dr. Cole celebrates the life of her mother, Alice, who died in 1990 at the age of 78 from cancer. Shown at right with Dr. Cole is Andrea Beaudin '93, who holds a copy of the book. Others in the audience of 50 persons were Alicia Chasse '96, Eric Donelson '98, Garrett Dell '99, '03 MA-LS, Natalie Drenzewski '97, Eileen Fappiano '94, '06 MA-LS, Patricia Flynn '75, Amie Keddy '95, Natardia Lee Soy '98, Adam Lein '98, Jennifer Frank Martin '93, Matthew Martin '95, Carolyn McCarthy '06, Michele Merlo '06, Marco Rafala '94 and Jennifer Wiley '07. Faculty members attending were Robert Bourgeois, Jeremiah Coffey, Deborah Frattini and Eric Schoeck. On June 20, among those attending Dr. Cole's Book Talk at the Central Library in Arlington, Virginia, were Shayn Ferriola '99 and Katherine Gustafson, a returning Albertus Honors student.

Accelerated Degree Program Adds MBA in Blended Delivery Format

This fall the Accelerated Degree Program (ADP) for the first time is offering an accelerated Master of Business Administration (MBA) degree through its blended delivery system, combining on-line learning with on-site classroom experience.

ADP MBA classes for the 48-credit program, which is held at the College's main Prospect Street campus, start five times a year. Classes follow an eight-week schedule.

"Our Accelerated MBA in the ADP format is a unique program that tailors its courses to individual student skills, interests and schedules. We offer tremendous flexibility," says Annette Bosley-Boyce, director of ADP. "In this program, it's all about the student and all about choice."

Students can choose a part-time or full-time program; select classes for one of four different concentrations—accounting, human resources, general management or leadership; and stop and restart the program at any time. Recent college graduates and those who have been in the workplace for some time may enroll.

ADP provides innovative solutions to working adults who ask, "How can I juggle family responsibilities, my job and my courses?" Dr. Nancy Fallon, director of the ADP MBA, says that the solution is in the flexibility of blended coursework. "Our program really is designed for the students with busy life styles who need a flexible program that maintains high academic standards."

Blessing of Sally's Life Tree

A blessing of Sally's Life Tree, a memorial to the life of Sally Wells, manager of the AMC Bookstore for eight years, took place on April 30. Wells died October 2, 2006, after a long and courageous fight with cancer. The tree is next to the Hubert Campus Center, not far from the bookstore.

The Wells family—Sally's husband, Steve, her mother, sons, daughters-in-law and youngest granddaughter—attended the blessing ceremony.

In April, seven members of the AMC Campus Ministry FaithWorks club participated in AIDS WALK New Haven, a five-mile walk that began and ended on the New Haven Green. Approximately 500 walkers raised about \$30,000 to support and to raise awareness of the various New Haven organizations working for those whose lives have been impacted in some way by HIV/AIDS. After the walk, students returned to St. Mary's Convent for pizza, snacks and conversation with the Sisters. Walkers were, left to right, Dianne Riter '06 and Katie O'Toole '08; standing, Ruba Yaser '09, Nicole Lombardo '08, Kamala Jackson '09 and Louisa Atsina '11. Class of 1957 Makes Major Reunion Gift to Albertus

Five years ago, at their 45th Reunion, members of the class of 1957 decided they wanted to make a major gift to the College in honor of their 50th Reunion.

Spearheaded by Delphine Barrett and Margaret Mary Burns Clancy, working with Helen Clabby Scinto and Mary Keane, the plan for a Jubilee Fund took shape. The goal was to raise funds for an endowed scholarship, which requires a minimum of \$50,000; awards to students from endowed scholarships are made from earned interest. The core group of classmates worked with Carolyn Behan '86, director of alumni relations and special events, to structure a temporarily restricted fund that could receive gifts and grow toward the goal over the next five years. Gifts earmarked for the Jubilee Fund were in addition to contributions to The Annual Fund.

The organizing committee contacted class members through letters and e-mails. Once money began accumulating in the Jubilee Fund, Scinto and Keane provided periodic updates on gifts received and progress toward the goal.

On June 9, the Class of 1957 presented its 50th Reunion gift of \$60,000—\$10,000 above target—to President Julia M. McNamara at the Annual Meeting of the Albertus Alumni Association. Members of the class plan to continue their gifts to the scholarship fund, and they are looking forward to their next reunion.

Mutkoski Selected as Extra for Indiana Jones Film

As an opera singer, choral director and drama coach, **Dorothy Yutenkas Mutkoski '67** knows a bit about show biz. Two days as an extra during filming in New Haven for Steven Spielberg's newest Indiana Jones epic, starring Harrison Ford and Shia LaBeouf, taught her a lot more.

On a whim, she answered an open casting call ad in mid-June. "I dressed conservatively in a suit, put on some pearls—the film is set in 1957—and took along my theater/TV résumé. There were hundreds of people waiting in line. Casting director Billy Dowd talked to me for 2 minutes, glanced at the résumé for 10 seconds and said 'Yes, we want you. Can you come tomorrow for a fitting?'" Of course.

Mutkoski reported the next day to a warehouse full of vintage clothing and accessories. "It was amazing—there were thousands of pieces of clothing, shoes, handbags, hats, scarves, jewelry, undergarments. Boxes of brassieres, boxes of girdles. Five women put together two outfits for me, complete with crocodile shoes."

Her part: a college professor on the sidelines for chase and rally scenes. "I can't say much more about the filming," she adds. "We had to sign confidentiality agreements."

When will she know whether she ended up in the film? Not until she sees it. The film is scheduled for release in May 2008.

In another Albertus connection to the New Haven filming, Matthew Cascella, son of Cindy Bissell, administrative assistant in education programs, was selected as an extra, playing a student. He is in his final year as a film major at the School of Visual Arts in New York City.

She directed the group in four performances of “Chango Macbeth,” their production of Shakespeare's “Macbeth” with an Afro-Caribbean flavor. “Chango is the African orisha [spirit] associated with witchcraft in Santeria, a religion derived from the spiritual traditions of the Yoruba in West Africa and syncretized with Catholicism in this hemisphere,” she explains. In the play, there are “witches on stilts wearing animal masks, shadow puppets to recreate the murder of the Macduff family, and live percussionist accompaniment and sound effects. The witches and several other characters occasionally speak in Spanish.” Performances took place August 6, 8, 9 and 10 at the Blueside Theatre.

Altieri Attends Glamour Event for Anniversary of Awards

For **Karen Altieri**, the summer of 1978 was a memorable one: she graduated cum laude from Albertus and spent a week in New York City as one of Glamour magazine's “Top 10 College Women.” This June, she was one of more than 250 women gathering in New York for the 50th anniversary of the Top 10 College Women Awards, which recognize outstanding students from around the country for their campus leadership, scholastic achievement, community involvement, and for their unique, inspiring goals.

The celebration took place at the Four Seasons; Martha Stewart, an honoree in 1961, addressed the award recipients.

Altieri, now a resident of Largo, Florida, is the only person from Albertus to have been selected for the program. “The time I spent in New York with the Glamour staff and the other young women who were selected with me was just fabulous,” she recalls. “A few days after I returned home from the week of activities, I left for a solo summer tour of Europe. My head was spinning from all that took place in New York, and I remember leaving the U.S. on cloud nine.” The monetary award of \$500 paid for her flight and Eurail Pass.

At Albertus, Altieri majored in political science. She credits Dr. Lawrence DeNardis, at the time chair of the political science department, with sharpening her writing and public speaking skills, and encouraging her to reach for her goals. “There never was a time when he counseled me ‘not to do something,’ but instead pointed me in a direction of ‘how to do something.’”

The first woman to serve as president of the Connecticut Intercollegiate Student Legislature, Altieri went on to become, at age 23, the youngest elected member of a local Board of Education in Connecticut. She received a master's degree from Central Michigan University and is the director of the faculty credentialing office at St. Petersburg College.
